What's New for 2020

“Early March on Long Island Sound last year had snow and nasty weather—Early March this year has something our geographic area hasn’t experienced since 1918, a global pandemic—hard not to wonder how the Spanish Flu, coming at the tail end of WW I, effected yacht-racing—and hard not to wonder if our current dictate of social distancing will translate into regattas being held without a gathering on the lawn afterwards or if some of our season’s events reschedule or cancel entirely. For most of us, being on the water is our therapy, our meditation, our release from the job, the commute, the land-based world. We can only hope that our clubs and members and all our families come through this full-on gale with health intact and we find ourselves in the near future back on the Sound with friends sharing in the respite and reward of yacht-racing.”

I wrote those words a few short weeks ago and since then the full-on gale has strengthened to something beyond Force 12 on the Beaufort Scale and the final toll of damages done to our society and economy is still far over the horizon as we all pull down our sails, lock in the hatch boards and work the pumps to keep our respective ships afloat. American Spring Series has cancelled, Newport-Bermuda has cancelled and the balance of our YRALIS schedule is optimistic and a moving target.

In a first for the YRALIS, due to our state-wide lockdown, we are bringing you the Race Program only in a digital format on our website, www.yralis.org and, with an eye towards keeping the crew as safe as possible, the lessening of the physical process of printing books, stuffing envelopes, delivering to PO, and then the hand-off at yacht clubs and personal homes of a solid object touched by many hands seems prudent. And, as the season hopefully launches, schedules will certainly be shifting and the digital flow of information via direct email to members, Facebook and Instagram posts will be your link to the most up-to-date information as boats are launched and sails hoisted and Covid-19 slips off the front page.

The Race Program this year has some major changes and updates to be aware of and to study.

The PHRF Regulations have a number of tweaks and adjustments but, most notably, there is now a table of adjustments reflecting the more prevalent use of Code Zeroes, reachers and custom sails being flown from sprits. Any questions or clarifications needed, please get in touch with your area’s PHRF representative, and, failing that, feel free to get in touch directly with the committee chair or the YRALIS office to forward your query.

A major change, for Organizing Authorities as well as competitors, is our long-standing Minimum Equipment and Safety Recommendations have been replaced by the U.S. Sailing Safety Equipment Requirements—please read this section very carefully, particularly as an O.A. writing up your event’s NOR and SI’s as you will need to reference the appropriate section of the USSSER. Questions, clarifications on procedure, please contact office and we will put you in touch with a committee member to help with that process.

Season Trophies

Calculations for season trophies is a two-step process. First, a yacht must participate in enough races to Qualify (see below for details). The second involves how individual race results are calculated, how many times those scores are counted, and how many throw-outs are allowed. These specifics are in the Scoring section.

Eligibility & Rating Bands

Captains must be active members in the YRA of LIS or another US Sailing affiliated association (except captains of yachts of foreign registry). All yachts must have a current, valid IRC or YRA of LIS PHRF Certificate or compete in a One Design (OD) class to be eligible for the following trophies.

FOR PHRF SPINNAKER

Day Race Trophies:

Caper

YRA of LIS PHRF rating certificate below 37

Gitana

YRA of LIS PHRF rating certificate of 37–83

Sapphire

YRA of LIS PHRF rating certificate of 84–108

Competitor

YRA of LIS PHRF rating certificate of higher than 108

孕妇 Barn Door Trophy Winner - Transpac 2019

Line Honors Winner - Sydney Hobart 2019

Sails hoisted and Covid-19 slips off the front page.

To the most up-to-date information as boats are launched and sails hoisted and Covid-19 slips off the front page.

Stay healthy, stay safe, stay sailing!

Season Trophies

Calculations for season trophies is a two-step process. First, a yacht must participate in enough races to Qualify (see below for details). The second involves how individual race results are calculated, how many times those scores are counted, and how many throw-outs are allowed. These specifics are in the Scoring section.

Eligibility & Rating Bands

Captains must be active members in the YRA of LIS or another US Sailing affiliated association (except captains of yachts of foreign registry). All yachts must have a current, valid IRC or YRA of LIS PHRF Certificate or compete in a One Design (OD) class to be eligible for the following trophies.

A description of the rating bands follows:

FOR PHRF SPINNAKER

Day Race Trophies:

Caper

YRA of LIS PHRF rating certificate below 37

Gitana

YRA of LIS PHRF rating certificate of 37–83

Sapphire

YRA of LIS PHRF rating certificate of 84–108

Competitor

YRA of LIS PHRF rating certificate of higher than 108

A major change, for Organizing Authorities as well as competitors, is our long-standing Minimum Equipment and Safety Recommendations have been replaced by the U.S. Sailing Safety Equipment Requirements—please read this section very carefully, particularly as an O.A. writing up your event’s NOR and SI’s as you will need to reference the appropriate section of the USSSER. Questions, clarifications on procedure, please contact office and we will put you in touch with a committee member to help with that process.

Our long-awaited website upgrade, in construction for full-on two and a half years now, will hopefully debut this season—once we do get it bulletproof and seamless, we think you all will appreciate the ease and user-friendly nature of the new site after wrestling with our out-of-date architecture.

Qualifying Race numbers have been adjusted as well to reflect the continued growth in distance racing, both short and long. Please review the matrix and Scoring section as you hunt for seasonal silver.

Obviously, as I write this, schedules will be shifting as we get further on in the upcoming Spring, so please check your email notifications from the YRALIS regarding events and check with respective clubs and O.A.’s with questions regarding a particular event.

Stay healthy, stay safe, stay sailing!
DISTANCE RACE TROPHIES
Windigo: YRA of LIS PHRF distance rating certificate of below 84
Sagola: YRA of LIS PHRF distance rating certificate of 84 or higher

FOR PHRF NON-SPINNAKER
Kings Point: YRA of LIS PHRF Non-Spinner certificate of 138 or lower
Mertz: YRA of LIS PHRF Non-Spinner certificate greater than 138.

FOR IRC
De Coursey Fales: IRC distance racing

FOR DOUBLE-HANDED
Du Moulin Cup: PHRF, IRC or OD racing

FOR YOUTH RACING
YRALIS Youth challenge cup PHRF, IRC or OD youth racing

Qualifying
The list of qualifying races can be found in the table on pages 11 and 13. If a race organizer accepts an IRC or PHRF certificate other than one issued by US Sailing or the YRA of LIS PHRF Committee, the race or vessel may be removed as a qualifier for YRA of LIS trophies. Failure to offer racing for a given rating band will not constitute exclusion of a properly entered boat. Should a race organizer exclude a properly entered boat that is racing for a specific trophy, that race will not be scored as a qualifier for YRA of LIS trophies.

Day Racing Trophies
For PHRF Spinnaker:
Caper Trophy, Gitana Trophy and Sappho Trophy: 8 Days of Racing Completed
Competitors’ Trophy: 6 Days of Racing Completed

Distance Racing Trophies
For PHRF:
Windigo & Sagola: 5 Distance Points Completed

For IRC:
De Coursey Fales: 4 Distance Points Completed

For Double-Handed:
Du Moulin Cup: 4 Distance Points Completed

Distance points will be awarded as follows: 1 point for Short Distance Races, less than 100 miles, 1.5 points for the short course races in the Around Block Island and Vineyard Races, respectively, the Plum Island Course, the Cornfield Point Course and the Sea Flower Course, all less than 150 miles, and 2 points for Long Distance Races, over 150 miles in length. Long Distance Races will be indicated “LD” and Short Distance Races will be indicated “SD”.

For the Stratford Shoal Lighthouse:
Spin: 3 Races Completed
Non-Spin: 2 Races Completed

Non-Spinnaker Racing Trophies
For PHRF Non-Spinner:
Kings Point and Mertz Trophies: 6 NS Racing Points Completed

NS Racing Points will be awarded as follows; 1 point for each day of racing completed in Day Races and 2 points for Distance Races. These will be indicated in the table on pages 11 and 13.

For PHRF Spring and Fall Series:
Caper, Gitana & Sappho Competitors
Spring Series 4 Days 4 Days
Fall Series 5 Days 4 Days

Distance Racing Trophies
For PHRF:
Windigo & Sagola: 5 Distance Points Completed

For IRC:
De Coursey Fales: 4 Distance Points Completed

For Double-Handed:
Du Moulin Cup: 4 Distance Points Completed

Distance points will be awarded as follows: 1 point for Short Distance Races, less than 100 miles, 1.5 points for the short course races in the Around Block Island and Vineyard Races, respectively, the Plum Island Course, the Cornfield Point Course and the Sea Flower Course, all less than 150 miles, and 2 points for Long Distance Races, over 150 miles in length. Long Distance Races will be indicated “LD” and Short Distance Races will be indicated “SD”.

For the Stratford Shoal Lighthouse:
Spin: 3 Races Completed
Non-Spin: 2 Races Completed

Non-Spinnaker Racing Trophies
For PHRF Non-Spinner:
Kings Point and Mertz Trophies: 6 NS Racing Points Completed

NS Racing Points will be awarded as follows; 1 point for each day of racing completed in Day Races and 2 points for Distance Races. These will be indicated in the table on pages 11 and 13.

Remember to attend the Annual Awards Meeting
December 6, 2020,
at Larchmont Yacht Club
Fun for the entire Crew!

See more pictures of last year’s meeting on the YRA’s Facebook page: facebook.com/TheYRALIS

(continued from page 3)
Youth Racing Trophy
For the YRALIS Youth Challenge Cup: 7 race entries earned
Entries will be awarded as follows: Day Race total results will be entered once for each day a yacht competes, Short Distance races, (SD), twice and Long Distance races, (LD), four times. How races are categorized is indicated in the table on pages 11 and 13.
A boat must be sailed with 1/3 of her total crew, (rounded to the nearest whole number), between the ages of 14 and 23, (in a calendar year).
New ideas for improving both the scoring and communication of current scores to the racers are always under consideration by the Racing Programs Committee, and a competitor’s ideas are always welcome. Please e-mail them to scores@yralis.org.

Race Committees
The YRA wishes to specifically ask for Race Committees’ help to provide its benefits to members in two ways. First, if you are running a distance race, or a “Navigator’s Division” style (other than windward-leeward) course in a day race; please make use of the distance PHRF-rating developed by the PHRF-Committee. That rating can be found on each certificate that must be supplied for entry into races that qualify for YRA trophies, and it provides a fairer rating and better racing that the membership has requested in these races. Second, each Race Committee is asked to e-mail the scorer at scores@yralis.org to indicate that the results are final, and where they can be found. It is especially important that Race Committees clearly designate on the race results submitted if a division was sailed under IRC, PHRF Spin, Non-Spin, or DH rules. It is also important to indicate if a division consists of “Club Class” boats, or YRALIS non-qualifying boats.

Commercial Vessels & Rules of the Road
When a large commercial vessel or tow is seen approaching a race area, Race Committees are urged to call such a vessel by radio (preferably on VHF channel 13, otherwise on channels 9 or 16) and advise the probable course of the concentration of commercial vessels & rules of road boats, or YRALIS non-qualifying boats.

The YRA strongly encourages all competitors to respect the rights of commercial traffic and to use caution and courtesy in dealing with such traffic while racing.

Scoring
Scoring for YRA of LIS season trophies will continue to use the High Point Percentage of Perfection Scoring System. A yacht will be awarded one point for starting, and one point for every yacht she beats in her class that started the race.
In a single race, a yacht’s percentage of perfection score is calculated by dividing the numerator, consisting of points awarded, by the denominator, consisting of the points earned by the winner of the race.
Results will be entered as follows: Day Race Trophies—each result is entered once, and for multi race regattas the total score will be entered once for each day a yacht competes. Distance and DH Race Trophies—short distance results entered once, Long Distance results twice. Non-Spin Trophys—day race results entered once and multi race regattas the total score will be entered once for each day a yacht competes. NS Distance races are entered twice. Youth Challenge Cup—Day Race total results will be entered once for each day a yacht competes, Short Distance races, (SD), twice and Long Distance races, (LD), four times.
In order to qualify, a vessel must be a YRA of LIS member yacht at the time of the race, and is defined as: PHRF racing—any vessel that has a valid YRA of LIS PHRF certificate on file and is current with her membership dues. IRC racing—current IRC certificate and is current with her YRALIS membership dues. OD racing—valid one design certificate and is current with her YRALIS membership dues. A one boat division does not count towards YRA seasonal trophies.
Qualifying for season scores will be predicated upon a yacht’s completion of the number of days or points outlined above (see “Qualifying”). Once she has qualified, a yacht will receive one throw-out score for each four entries she earns in Youth Challenge, Day and Non-Spin Races, and her best combination of points/races, once qualified, will count for Distance Races. For a trophy, a yacht’s percentage of perfection (as expressed above) in each of her best qualifying races (as determined above) will be averaged to produce a season percentage of perfection.
The highest season percentage of perfection wins the trophy. If a tie still remains, RRS A8.1 will be used. After RRS A8.1, if a tie still remains the yacht with the higher number of qualifying points/days wins. If tie still remains in YRALIS Youth Challenge Cup after RRS A8.1, the boat with the higher percentage of 14 to 23 year-olds on board shall win the tie-breaker.
The running results will be posted on the YRA of LIS website on a regular basis, www.yralis.org.

Call McMichael.:
YRALIS Youth Challenge Cup (YCC)
Challenging Owners to Increase Youth Participation

All YRA qualifying regattas will be counted towards the YCC

This opens up competition beyond PHRF and includes IRC and
One Design keel boats (Double Handed racing is excluded)

The process has been simplified so there is very little for skippers/teams to do.

For Organizing Authorities, there is no longer a need for any NOR/SI wording, as this trophy will now be handled much the same as all the other YRA perpetuals. The one exception will be that some entrants may request a little help posting “YCC” as part of their boat name in all documents (Scratch Sheets and Results).

Once competitors make the decision to compete for this trophy, they simply need to:

1. Meet the requirement that 1/3 of the crew’s ages are between 14 and 23 (rounded to the nearest whole number) and send a confirmation email to scores@yralis.org indicating the total number of crew and the number of qualified youth on board for each race.

2. Ensure that the initials “YCC” follow the yacht name on all regatta documents (Scratch Sheet and Results). It’s requested that the crew also fly the “J” pendant or YCC burgee from their backstays.

   (Scoring will be Percentage of Perfection based on class performance amongst all the competitors)

Full details are available in this program and at www.yralis.org.

Why not help increase youth participation by inviting some junior sailors to crew on your boat? It only takes three races over the entire racing season to qualify for the YRA Youth Challenge Cup Trophy. And think about how fun it will be creating a great experience for our sailing youth! ARE YOU IN?????

Questions? office@yralis.org or 516-767-9240

**Performance Boost**

- Boost Your Sailing
Championship Regatta  August 1-2, 2020

- Dinghies, inshore and offshore One-Designs, and PHRF all welcome to compete.
- All racing in the Greenwich/Rye area.
- Launching, mooring and dockage available for all competitors.
- Post-race party on Saturday and awards presentation Sunday at Riverside Yacht Club and American Yacht Club.
- Double credit awarded for YRALIS season-long trophies and qualifying event for the YIA Youth Challenge Trophy.

This regatta is a qualifier for The Shearwater and Navigator Trophies which will be awarded to boats with the best combined score for both the YRA of LIS Championships and the RYC/STC LIC Championships.

9 Saturday Larchmont YC – 65th Annual Distance Race - The Edlu

August
1-2 Sat/Sun YRALIS Championship Regatta Riverside, Indian Harbor, American Yacht Clubs
8 Saturday City Island YC – Women Skippers Race
9 Saturday Larchmont YC – 65th Annual Distance Race - The Edlu

September
3 Monday Harlem YC - 31st Annual Day Race
4 Saturday Harlem YC – 48th Annual Edward S. Dole Stratford Shool Distance Race
11 Saturday Fayerweather YC - Ken Johnson Memorial Race
12 Saturday Old Greenwich YC - 50th USS America Regatta
18 Saturday Fayerweather YC/Black Rock YC – Sail Park City Regatta
19 Friday Newport Bermuda Race
20 Saturday Port Jefferson YC - Port Jefferson Annual Harbor Cup Regatta
25 Saturday Harlem Yacht Club - Ben Bates Short-handed Regatta
26 Sunday Harlem Yacht Club – Women Skippers Race
28 Friday Port Jefferson YC - Port Jefferson Annual Harbor Cup Regatta
29 Saturday Norwalk YC - NISF Cup
29 Saturday North Shore YC - Moonlight Regatta

October
3 Saturday Centerport YC – 48th Win. K. Vanderbilt Trophy
3-4 Sat/Sun American YC - Fall Regatta
10 Saturday Indian Harbor YC – 65th Annual Stratford Shool Race - “The Gearbuster”
17-18 Sat/Sun Mauhsasset Bay Fall Series – Spinnaker and Non-Spinnaker Classes

November
27 Friday Black Rock YC/Fayerweather YC – Wild Turkey Regatta
28 Saturday New York Athletic Club YC/ Huguenot YC - Turkey Day Reach

Performance Handicapping

PHRF stands for Performance Handicap Racing Fleet, and it describes a group of sailboats of varying performance characteristics that are handicapped for racing purposes on the basis of observed performance, rather than the measured dimensions. It is the purpose of the PHRF system to handicap yachts of various classes or types on the basis of the potential speed of a well-sailed, well-maintained, and well-equipped specimen of each type. It is not the purpose of the PHRF system to handicap skippers and crews. Where sailing skill (or lack of it) is the cause of the result, winning will not lead to a faster rating, nor losing to a slower one.

PHRF certification is open to any single-hulled, self-righting boat of any age, and almost any description. Boats that are not self-righting may be handicapped at the committee's discretion. The goal is to provide fair and equitable racing for as many boats as possible. In cases where a boat is of so radical a design that any rating assigned to it would impair the rating balance of the fleet as a whole, a handicap rating may be refused.

PHRF handicaps are assigned by the PHRF Committee, a committee of the YRA of LIS. The PHRF Committee usually meets on the second Thursday of each month throughout the year for the purpose of assigning new ratings, reviewing old ones, drafting or revising regulations, and transacting any other business before it. The time and place of the meetings, and meeting minutes, will be available to members and published on www.yralis.org.

The YRALIS PHRF fleet is a designated U.S. Sailing class, and the YRALIS PHRF rules and regulations should be viewed by all as stringent a classification as the most scrutinized “class” and the YRALIS PHRF rules and regulations should be viewed by all as stringent a classification as the most scrutinized one design fleet. Organizing authorities and race committees who have declared in their NOR and SI’s that boats are sailing with one design fleet. The YRALIS PHRF fleet is a designated U.S. Sailing racing sportsmanship, may refer the matter to the Executive Committee for review and resolution. The Rating Committee may issue a new certificate, and upon consultation with the TC, the new certificate may be back dated. The TC or Rating Committee may order that races under its jurisdiction scored using the invalidated certificate shall be re-scored. Either committee may recommend that the boat be scored for VRALIS season trophies for races in which she sailed with a revoked certificate. Depending on the facts found and the egregious nature of the offense, the TC, as required by the rules when there has been a gross breach of class rules or of good manners and sportsmanship, may refer the matter to the Executive Committee for further action.

4. The duties of the Executive Committee (EC) are to hear rating review appeals, to act on any matters referred to them by the TC, and to enact and interpret the Minimum Equipment Recommendations (MERs) as they apply to PHRF boats. For TC referrals, actions could include anything from simply continuing a certificate revocation for a period of time of their determination, up through Rule 69 actions.

5. If the YRA of LIS Technical Committee or PHRF Committee is notified or discovers that an owner is not, was not, may not have been, or may not be, in compliance with the above, then the informed Committee will notify the other of the purported violation and either Committee, or both, may impose an appropriate penalty or, depending on the egregious nature of a violation, file a complaint with the YRA of LIS Executive Committee and the Executive Committee may impose three (3) U.S. Sailing certified Judges to hear the complaint. The panel shall properly inform the owner in writing of the claimed breach of YRA regulations and of the time and place of the

Winter Frostbite Series

Remember to attend the  
Annual Awards Meeting  
December 6, 2020,  
at Larchmont Yacht Club  
Fun for the entire Crew!

See more pictures of last year’s meeting on the  
YRA’s Facebook page: facebook.com/TheYRALIS  
and follow the procedures in RRS 63.2, 63.3(a), 63.4 and 63.6 except that:

5.1. the Executive Committee will appoint a person to present the complaint at the hearing; and
5.2. the owner against whom a complaint has been made under these rules shall be entitled to have an advisor/representative present at the hearing to act on his/her behalf.

6. The hearing panel may reschedule the hearing if there is good reason to do so. If good reason to reschedule a hearing is not provided and no one appears on the owner’s behalf, the hearing panel may conduct the hearing without the owner or a representative being present. The standard of proof shall be a preponderance of the evidence. If the hearing panel determines that there was or is a breach of YRA regulations, it may:
   6.1. revoke or temporarily suspend the PHRF certificate in question;
   6.2. restrict the owner’s and boat’s ability to participate in any YRA of LIS event, or sanctioned event, for a prescribed period of time;
   6.3. impose such other penalty, or no penalty, as the hearing panel considers equitable under the circumstances.

PHRF Procedures

PHRF ratings are available to PHRF members of the YRA of LIS upon submitting an application via the YRA of LIS website (www.yralis.org). Guest certificates are also available at a reduced price for boats from out of the YRALIS area and are only valid for the event entered (Block Island Race Week, Block Island Race, Around Long Island or Vineyard Race). The application will then be assigned to one of the Handicappers. If the boat is one of a standard class or type, to which a “base rating” has already been assigned, the handicapper will assign that rating, adjusted where necessary for differences in sail area, propeller type, spinnaker pole length, etc., provided that such differences are within the range of the “standard modifications” as described below. Once it is completed, an automated email will be sent to the applicant providing notification that the certificate can be downloaded or printed off the YRA website.

If the boat is one of a standard class or type to which no base rating has yet been assigned, or if the differences from the standard version are beyond the scope of the standard modifications, or if the boat is the only one of its kind, the handicapper will present the application to the entire PHRF Committee at its next regularly scheduled meeting, and the rating will be assigned by that group as a whole. Members or guests submitting an application that requires a handicapper or committee review, and where an imminent regatta requires the applicant to have a rating before the Committee’s next regularly scheduled meeting, must complete all certificate fields and address the handicappers inquires at least one week prior to the regatta. Assuming that all the data has been provided by the member/guest, any handicapper is empowered, but not obliged, to issue a provisional rating, which is valid for all purposes until the next meeting. At that meeting, the provisional rating will be reviewed and either accepted as is or altered as the Committee may decide.

It must be recognized that no system of handicapping will adequately rate all types of boats on all points of sail and in all wind and sea conditions. It is the aim of this committee to assign ratings for conditions prevailing on Long Island Sound.

Rating Review

There is no such thing as a “final” PHRF rating. Any rating may be reviewed and challenged in either direction at any meeting without notice to the skipper. Before final determination of a rating change, the chairman of the fleet or class of boat, or the owners of the boat or boats under review may be invited to discuss the rating with the committee. Whenever the Committee is satisfied, on the basis of observed performance, that the rating of a particular boat or type of boat does not fairly reflect the speed potential of that boat or type, it will make whatever changes in the rating it finds to be fair. Changes to ratings that have been long established are seldom made. In the case of more recently rated boats, particularly where little data was available when the rating was first assigned, changes are more likely as experience accumulates.

Any current YRALIS PHRF member may request a review of any yacht’s rating by writing to any member of the Committee.
Yachts shall race as rated with at least all the equipment and Proper Racing Trim affecting the sailing performance of the boat when compared to the sail plan, mast or rigging of the boat or that could potentially way alters the configuration of the hull, foils, internal structure, PHRF Committee of any modifications to their boat, that in any It is the sole responsibility of each boat owner to advise the Committee takes that accuracy and compliance very seriously. to continue her compliance with that rating. The PHRF Handicapping Committee, and on a boat being maintained dependent on accurate information being provided to the PHRF atings, and the racing that relies on them, is entirely PHRF Committee of any modifications to their boat, that in any ity warrants. Any member who considers that he has not been fairly and reasonably treated by the Committee may bring his complaint before the Executive Committee of the YRA of LIS. While that group will not normally undertake to assign or change PHRF ratings, it will investigate actions of the PHRF Committee with respect to the complainant’s case and take whatever steps are necessary to ensure a fair and reasonable disposition. The effective date of any rating change made at a PHRF Committee meeting is the first Monday following that meeting. If this results in a yacht’s rating being changed during a regatta series, the rating used for that series is at the discretion of the Race Committee of the sponsoring organization. The organization may at their discretion use changed ratings in races that occur the weekend after a meeting. PHRF Committee The names and email addresses and LIS region represented of all the members of the current PHRF Committee are available on the YRALIS website. All of these committee members are working hard to make this program a success. Feel free to call on any of them for advice or help when you need it. Owner’s Obligation to Disclose Alterations PHRF ratings, and the racing that relies on them, is entirely dependent on accurate information being provided to the Handicapping Committee, and on a boat being maintained to continue her compliance with that rating. The PHRF Committee takes that accuracy and compliance very seriously. It is the sole responsibility of each boat owner to advise the PHRF Committee of any modifications to their boat, that in any way alters the configuration of the hull, foils, internal structure, sail plan, mast or rigging of the boat or that could potentially affect the sailing performance of the boat when compared to the rated standard boat. Proper Racing Trim Yachts shall race as rated with at least all the equipment and furnishings supplied as standard by the manufacturer. A yacht that has altered or has removed bulkheads, permanently attached furniture, or structural interior components shall be considered a custom yacht. Drawers, headliners, cabinet and locker doors, steps, ladders, and engine enclosures shall remain in place as supplied as standard equipment. If they do not so remain, then the yacht shall be considered a custom yacht and rated accordingly. Passageway doors, cushions, dining tables, and carpets are specifically exempted, and are alterable or removable provided all safety standards are met. Lifting keels (not designed to be adjusted while racing) must be fixed and locked in the lowered position while racing. Modifications A modified boat is any standard boat that has been changed in some way that might affect its performance from the original design. Changes to the hull shape or structure, appendages, spars or sail plan, boat weight or propulsion are often created to make a boat more competitive. While older boats may require significant restorations in order to be maintained as safe and competitive, any and all of these should be noted where the restoration does not replicate the original design. Modifications Which Must be Reported for Evaluation: 1. Hull, Transom, Keel, Board or Rudder: Changes that alter either the weight of the boat or the flow of water over wetted surfaces such as size, shape, length, materials, weight, location, center of gravity, etc. 2. Internal Structure: Changes or additions to the original manufactured design and construction that affect strength or stiffness of the hull, keel sump, rigging, weight, or weight distribution. This includes interior bulkheads, longitudinal stringers, keel sump bracing, tie rods, and compression struts. 3. Spars: Changes to weight, length, cross section, design, materials (Carbon Fiber, etc.), external support structure, standing rigging design or materials (PBO), etc. 4. Sail Plan: Changes to the original dimensions of the rated sails (Mainsail, largest headsails, largest asymmetric spinnaker for each different tack location, largest spinnaker) 5. Mechanical Propulsion: Changes from original production installation that affect location, weight and/or underwater drag (different strut, prop, or sail drive configurations). Modifications Which Need Not be Reported: 1. Fairing and smoothing of the hull, rudder, keel or centerboard that conform to the original design except as limited by One Design class rules. 2. Additional sails no bigger than the rated sails. 3. Sail material such as Mylar, Kevlar, Dacron, etc. 4. Cosmetic changes to the hull, interior, or rigging of the boat not affecting the weight, trim, or speed of the boat. 5. Passageway doors, cushions, dining tables, and carpets are specifically exempted, and are alterable or removable provided all safety standards are met.
PHRF Regulations

The “base rating” is the rating assigned to a “standard” boat of a class or type. It assumes:
1. the standard rig dimensions for the class, a genoa whose LP dimension is in the range of greater than 145%, up to and including 155% of J or if smaller, of a size as designed for the boat,
2. a folding propeller if exposed or a two-bladed fixed one if in an aperture. If propulsion is by an outboard engine, it assumes the engine is dismounted and stowed in an optimum location aboard when racing,
3. that the boat is equipped with a spinnaker. If symmetrical, that the spinnaker pole length (SPL) is equal to the width of the base of the fore triangle (J), and that the maximum girth (SMW) of the spinnaker at any point is in the range of greater than 168%, up to and including 183% of J. If asymmetrical, that the dimensions of the spirt and spinnaker are within the dimensions as designed for the boat,
4. Finally, that the boat is in all other respects similar to the standard boat of its type as originally supplied by its manufacturer.

Certain variations from these norms are not uncommon. They are set forth in the following tables from which departures from the “base rating” on account of differences in genoa and spinnaker size, propeller type, etc. can be determined. Variations affecting performance which are not set forth in these tables require action by the entire Committee at a meeting. When the Committee feels that the table or other noted adjustments does not properly reflect the performance change in the boat, the Committee reserves the right to assign an appropriate adjustment.

The resulting handicap rating will be the sum of the base rating and any adjustments. In addition, there are provisions to provide the following types of ratings:

- **Non-spinnaker** - he calculated rating excluding spinnaker related adjustments. Handicappers may also compensate for performance considerations when a boat’s observed performance differs greatly from the majority of the fleet when not using a spinnaker. Non-spinnaker ratings are intended to be used in races against other boats without spinnakers, not in mixed classes where only some boats may use them.
- **Double-handed** - will be a separate certificate that will be clearly marked for double-handed racing only. A completely different configuration will be allowed.
- **Distance** - the base rating adjusted to include approximately 60% windward/leeward and 40% reaching in a wind range of 10 to 12 knots true. This rating is intended for use in distance races, such as the Block Island Race, Vineyard Race, Around Long Island Race, etc.

Handicap Adjustments

**A. HEADSAILS**

Adjustment is based on the largest headsail and is determined by the LP/J ratio stated as a percentage. The following table is relative to a boat designed to carry a 153% headsail.

<table>
<thead>
<tr>
<th>Adjustment</th>
<th>Value</th>
</tr>
</thead>
<tbody>
<tr>
<td>Greater than 195</td>
<td>-15</td>
</tr>
<tr>
<td>Greater than 185, to 195</td>
<td>-12</td>
</tr>
<tr>
<td>Greater than 175, to 185</td>
<td>-9</td>
</tr>
<tr>
<td>Greater than 165, to 175</td>
<td>-6</td>
</tr>
<tr>
<td>Greater than 155, to 165</td>
<td>-3</td>
</tr>
</tbody>
</table>

No headsails may be set to extend aft of the LP line used to establish the handicapped without adjustment.

Up to four battens may be used to support the leech of headsails with an LP of 110% or less. Variations from this must be reported to the Committee for their consideration.

**Whisker Pole** - Any boat (including spirt boats) may use a whisker pole on a jib or genoa. Whisker poles may not be longer than “LP” without penalty. Extendable poles must be banded to indicate their maximum permitted length. Whisker poles may be used as whisker poles. Credits will not be given for undersized whisker poles in spinnaker ratings.

**Roller Furling** - A three (3) second credit will be given, if requested, for having headsails set on an above-deck roller furling system. In order to obtain the credit, the furling system must be fully functional and in use whenever a headsail is hoisted. All headsails (except storm sails, staysails, spinnakers and Free Flying Headsails) must be set using the furling system and must be able to be furled using the system. Sail changes are allowed. Sails may also be dropped and re-hoisted.

**B. SPINNAKER**

**Symmetric Spinnaker** - A symmetric spinnaker is to be defined as having huff and leech within 2% of each other and being symmetric about the centerline in shape and material.

The maximum, un-penalized spinnaker luff length (SL) shall be equal to 95 \( \sqrt{LP/J} \). If ESL exceeds this length, then excess length shall be converted to girth (SMW) for handicapping purposes, using the following formula: \( \text{Rated Girth}=\text{SMW/(SMW)}(\text{SL}/95 \times \sqrt{ISP/J}) \). This Rated Girth will be used in place of the standard SMW/J ratio (stated as a percentage) to assess penalties in accordance with the table below.

Adjustment is normally based on the largest spinnaker and for symmetric spinnakers is determined by the SMW/J ratio stated as a percentage.

**Definitions**

<table>

<tr>
<td>WPL</td>
<td>Whisker pole length, measured from front of mast</td>
</tr>
</tbody>
</table>

**Construction material of the hull, keel, rudder, and mast (e.g., fiberglass, lead, iron, aluminum, carbon fiber, etc.)**

**Symmetric Spinnaker** - A symmetric spinnaker is to be defined as having huff and leech within 2% of each other and being symmetric about the centerline in shape and material.

The maximum, un-penalized spinnaker luff length (SL) shall be equal to 95 \( \sqrt{LP/J} \). If ESL exceeds this length, then excess length shall be converted to girth (SMW) for handicapping purposes, using the following formula: \( \text{Rated Girth}=\text{SMW/(SMW)}(\text{SL}/95 \times \sqrt{ISP/J}) \). This Rated Girth will be used in place of the standard SMW/J ratio (stated as a percentage) to assess penalties in accordance with the table below.

Adjustment is normally based on the largest spinnaker and for symmetric spinnakers is determined by the SMW/J ratio stated as a percentage.
1. The average length of the luff and leech do not exceed the pole (SPL) and:

- The point at which the sail is tacked is not at a greater distance from the mast than the value reported for TPS on the certificate.

NOTE: where the base rating notes have a spinnaker area recorded for classes with factory spirts, that area is the maximum allowed.

### Special Reaching Sails

The measurements of all specialist reaching and downwind sails shall be declared. These are defined as any sail set forward of the headstay with an SMG/SF ratio of 90% or lower. Examples of sails in this group include Code Zeros, Large Roach Headsails (LRH), Free-Flying Headsails (FFH) and many cruising spinnakers. Adjustment is based on dimension and SMG/SF ratio and will be applied to the spinnaker distance racing handicap only.

### Asymmetric Spinnaker

An asymmetric spinnaker shall have over 5% difference in luff and leech lengths.

The following shall be reported for asymmetric spinnakers:

1. How the sail will be attached to the boat (i.e., centerline tacked on bow, on fixed sprit, on retractable sprit, on laterally articulating sprit, pole, etc.) If a boat has multiple asymmetric spinnakers that are attached in different manners, the largest of each must be reported separately.

2. The luff, leech, SMG, and foot dimensions for the largest sail and also for all sails with an SMG/SF ratio of 90% or less.

3. The area of the largest sail as measured using the IRC formula.

\[
\text{Area} = \frac{(\text{SLU} + \text{SLE}) \times (\text{SF} + (\text{SMG} \times 4)))}{5} \times 0.83
\]

One design boats with their standard asymmetric spinnaker, and other boats that come standard with a spirt, will have such reflected in their base ratings.

The Committee will consider the need for an adjustment for all other boats on a case-by-case basis. In evaluating adjustments, the goal of the committee will be to presume that in order for identical designs to be a spinnaker, Code Zero, Free Flying Headsail, or Large Roach Headsail, the SMG/SF ratio and will be applied to the spinnaker distance racing handicap only.

### Adjustment

<table>
<thead>
<tr>
<th>SPIN %</th>
<th>Adjustment</th>
</tr>
</thead>
<tbody>
<tr>
<td>Greater than 228</td>
<td>-12</td>
</tr>
<tr>
<td>Greater than 213, to 228</td>
<td>-9</td>
</tr>
<tr>
<td>Greater than 198, to 213</td>
<td>-6</td>
</tr>
<tr>
<td>Greater than 183, to 198</td>
<td>-3</td>
</tr>
<tr>
<td>Greater than 168, to 183</td>
<td>0</td>
</tr>
</tbody>
</table>

NOTE: For symmetric spinnakers, if the spinnaker pole (SPL) is greater than J, then the SPIN % is equal to SMW/J or 1.8 x SPL/J whichever is greater.

### Asymmetric Spinnaker

1. The average length of the leech and luff do not exceed the pole (SPL) and:

2. Neither SMG nor SF exceed 1.8 x TPS

3. The point at which the sail is tacked is not at a greater distance from the mast than the value reported for TPS on the certificate.

### Adjustments

<table>
<thead>
<tr>
<th>Sail Type</th>
<th>Adjustment</th>

</thead>
<tbody>
<tr>
<td>Free Flying Headsail (FFH)</td>
<td>0</td>
</tr>
<tr>
<td>Any sail set forwards of the headstay with an SMG/SF ratio of 75% or less, except FFH</td>
<td>-6</td>
</tr>
</tbody>
</table>

### Headsail/Tweener

**Genoa/Jib**

LP of largest sail is the key variable impacting rating.

**Spinnakers**

- A2, A3, A5 etc.
- Code Zero

SMG/SF ratio is the key variable. If ratio > 75% no further rating adjustment.

**Large Roach Headsail/Tweener**

SMG/SF ratio is the key variable < 75%

Note: Jib tops are not included as they are not free flying sails.

**Free Flying Headsails**

If all measurements are < largest jib/genoa declared, no rating adjustment.

If any measurement > declared jib/genoa, it is considered LRH/Tweener.

---

* These free flying sails with the SMG/SF ratios under 90% must all be declared.
The following table will be used to adjust for TPS:

<table>
<thead>
<tr>
<th>LOA(ft.)</th>
<th>Limit (lbs)</th>
</tr>
</thead>
<tbody>
<tr>
<td>24</td>
<td>900</td>
</tr>
<tr>
<td>27</td>
<td>1080</td>
</tr>
<tr>
<td>30</td>
<td>1260</td>
</tr>
<tr>
<td>33</td>
<td>1440</td>
</tr>
<tr>
<td>35</td>
<td>1620</td>
</tr>
<tr>
<td>38</td>
<td>1800</td>
</tr>
<tr>
<td>40</td>
<td>1980</td>
</tr>

<td>43</td>
<td>2160</td>
</tr>
<tr>
<td>45</td>
<td>2340</td>
</tr>
<tr>
<td>50+</td>
<td>+180 lbs, for each 5 feet of LOA over 45 feet</td>
</tr>
</tbody>
</table>

The base weight limit is for everyone aboard, including the skipper. Double handed certificates will be issued for two people, regardless of weight.

F. BALLAST
YRA LIS PHRF will permit the following exceptions to RRS rule 51 (Ballast) and will rate boats with these exceptions on a case by case basis:

Canting keels – vessels that are produced with canting keels may seek a PHRF rating. Ratings for the canted position will consider the percentage of ballast relative to total displacement and the change in righting moment as a result.

Water Ballast – vessels built with internal water ballast may seek a PHRF rating. Rating for the vessel will consider the location and % of total displacement of the water ballast.

Any other movement of internal weights for the purpose of improving stability is not permitted and will not be rated.

G. MANUAL POWER
G.1 RRS S2, Manual Power, shall not apply. This Rule may be amended by Notice of Race.

G.2(a) The use of stored power for the hoisting of mainsails, or the reefing or furling of sails need not be declared.

G.2(b) Boats using stored power solely for the adjustment or operation of backstays shall declare this to the Committee.

G.2(c) Boats using stored power for the adjustment or operation of running rigging other than as noted in Rules G.2 (a) & (b) shall declare this to the Committee.

H. OTHER REGULATIONS

Annual Declaration of LP and Stated Configuration
The LP dimension declared for a yacht at the time her certificate was issued or renewed is intended to remain in effect for the duration of the year for which the certificate was issued. Rating changes resulting from changes in the LP dimension, typically the result of buying a new sail after the season’s certificate has been issued, may be made only once a year, upon written application to the PHRF Committee, stating the reasons for the change. Such applications will not be approved if the Committee finds that the proposed change was an attempt to fine tune the yacht’s rating for anticipated weather conditions in any specific race, series, or time of year. The effective date of any such rating change is the first Monday following the approval of such change. If this results in a yacht’s rating being changes during a regatta series, the rating used for that series is at the discretion of the Organizing Authority.

Any other changes to the configuration of the boat after a season’s certificate has been issued are not typically allowed. If an owner finds themselves in unique circumstances and an in-season change to something on their certificate is necessary, then the handicapper who rated the boat should be contacted and the boat will be reviewed at the next PHRF committee meeting as if it were a new application. Regardless of circumstances, this will only be allowed in rare situations and only once a year.

Sail Measurement Limitations
The ratings assigned by the PHRF Committee assume that sails dimensions not specifically stated on the certificate conform either to the yacht’s class or to limitations that have long been standard in all measurement rules. Any departure from these limitations amounts to a change from the standard or norm. Therefore, notice of the departure must be given to the Committee. Sails are to be measured in accordance with the World Sailing Equipment Rules of Sailing, and any sail may be measured at any time by a Technical Committee.

In the case of yachts not belonging to a one-design class, attention is specifically directed to the following:

1. Mainsail headsails may not exceed in width the greater of 6 inches or 4% of E. The dimensions of a square top or "farhead" mainsail must be declared and will be noted on the certificate by the handicapper.

2. Any Mainsail or Mizzen where the MUW is greater than

3. 22% of E, or the three-quarter width MW is greater than 38% of E or the half-width MH is greater than 65% of E.

4. Mainsails with full battens are allowed without penalty if the roach of the mainsail has not been increased from the above limits.

5. A sail may not be measured or used as a spinnaker unless its mid-girth is at least equal to 75% of its foot length, and any sail flown forward of the headstay with a mid-girth measurement of less than 90% of it’s foot length must be declared and their measurements noted on the certificate.

6. The difference between a headsail and a spinnaker is that the width of a headsail, measured between the midpoints of its luff and leech, is less than 75% of the length of its foot. A sail tacked down behind the luff, no matter what, is not a headsail.

Non-Spinnaker Ratings
The following regulations supplement the YRA of LIS PHRF Fleet regulations:

1. Non-Spinnaker YRA of LIS PHRF ratings: Participating yachts must have valid YRA of LIS PHRF certificates. Each YRA of LIS PHRF certificate bears both spinnaker and non-spinnaker markings.

2. The intent of Non-Spinnaker racing is that boats sail off the wind with the same sails they use to sail on the wind. Therefore, ketches and yawls may not fly staysails off the wind unless such sails are used when sailing upwind.

3. Headsails must be attached along their luff to the headstay, unless the boat has no headstay.

4. Pole Length: Whisker poles may not be longer than “LP” without penalty. Extendable poles must be marked to indicate their maximum permitted length. Spinnaker poles may be used as whisker poles. When a competitor declares a LP greater than 135% and a pole of J length, +6 credit may be claimed. If the declared LP is from 120% to 135% with a J length pole, +3 credit may be claimed. No credit is available when the declared LP is less than 120% with a J length pole.

5. Jb Limitations: Non-spinnaker racing is defined, for this purpose, as prohibiting the use of a headsail whose mid-girth (mid-luff to mid-leech) measurement is more than 50% of its foot measurement. Except when changing headsails, participating yachts may not fly more than one headsail at a time. (Yachts that are permanently cutter rigged may fly their staysails.)

To apply for a PHRF handicap, please visit the YRA website, YRALIS.org.

MINIMUM EQUIPMENT & SAFETY RECOMMENDATIONS OF THE YRA OF LONG ISLAND SOUND

YRALIS Position on Safety Equipment

The YRA Safety Committee has reviewed the YRA Regs and those promulgated by US Sailing and has determined that for the 2020 season the YRALIS encourages the use of the US Sailing Safety Equipment Requirements (USSER). The adoption of the USSER will provide Organizing Authorities (OA) with a much-enhanced ability to customize the safety equipment requirements for each particular racecourse and conditions. The USSER allows OAs, at their discretion, to add or subtract items based on the unique characteristics of each race/event. This flexibility will allow OAs to differentiate between two identical courses, for example one sailed in cold spring with a higher possibility of windy conditions versus the same course sailed in August in warm water and with a higher likelihood of light winds.

The USSER is a flexible and customizable document that can be found on the US Sailing website at: https://www.ussailing.org/competition/offshore/safety-information/sr-world-sailing-special-regulations/

Safety Recommendations

The YRA of LIS wishes to direct the attention of all competitors to the following provisions of the ISAF’s Racing Rules of Sailing, 2017-2020 concerning the safety of crews while racing:

FUNDAMENTAL RULE 1 - SAFETY
1.1 - Helping Those in Danger
A boat or competitor shall give all possible help to any person or vessel in danger.

1.2 - Life-Saving Equipment and Personal Buoyancy
A boat shall carry adequate life-saving equipment for all persons on board, including one item ready for immediate use, unless her class rules make some other provision. Each competitor is individually responsible for wearing personal buoyancy adequate for the conditions.

FUNDAMENTAL RULE 4 - DECISION TO RACE
The responsibility for a boat’s decision to participate in a race or to continue racing is hers alone.

The Alfred Roosevelt Cup
Saturday, May 9, 2020

SHORT DISTANCE RACE FOR PHRF AND CLASSICS
One-Day Pursuit Distance Race

There will be six Divisions:
- Non-Spinnaker 1, Non-Spinnaker 2, Non-Spinnaker 3
- Spinnaker 1, Spinnaker 2
- Classic Yachts

Skipper’s Meeting will be held at 1100 at the Main Clubhouse. The starting sequence commences in at the mouth of Oyster Bay Harbor at 1255. Pursuit starts; fastest boats starting last with all boats competing to cross the finish line first for the Cup. Divisions also scored separately. Get your crew ready for the 2020 racing season!!

All participants will enjoy a “Mount Gay” sponsored party with hats and awards afterwards at the historic Seawanhaka Corinthian Yacht Club!

Registration Fee: $95 per boat- payable by credit card, electronic debit or reciprocal member account
Entry Deadline: Friday, May 8, 2020

For Electronic Entry Form, Notice of Race and other information go to www.seawanhaka.org

For Inquiries:

Come Sail With Us! in the Brand-New 2020

BIG TOM WEDNESDAY NIGHT SERIES

The New Version of a Classic Weeknight Sailboat Racing Event...

The perennial 186nm event that opens the New England distance racing season will celebrate its 75th Anniversary with a number of innovations, including a bigger awards party! This race is an excellent tune-up for the Newport-Bermuda Race, and over 80 boats are expected to enter. For PHRF boats 26’ and up, and rating 81+174, the 125nm course to ‘PI’ west of Plum Island is an option. Registration and the NOR are soon to be available on YachtScoring.

Note: For all classes, at least 75% of those aboard the boat shall have attended a US Sailing Safety at Sea Seminar within five years prior to the start. Such seminars may be attended online (www.safetyatseacourse.com) provided at least 30%, but not fewer than two members of the crew, including the person in charge, have attended an International Offshore Safety at Sea Course with Hands-On Training or a US Sailing sanctioned In-person Offshore Safety at Sea Seminar within the same five years. Storm Trysail Club’s Hands-On Safety At Sea Seminar will be held at SUNY Maritime College on May 16. To register, visit www.stormtryssel.org. This event typically sells out, so register early to ensure your qualification for the race.
31st Annual Day Race
Saturday, May 30, 2020

Time: 1st Warning 1050 Hours
Start: Can “1” NE of Execution Light
Finish: Can “3” in Manhasset Bay, SE of Plum point
Course: Government Buoys as marks
Entry Fee: $50.00.
Divisions: PHRF Spinnaker & Non-Spinnaker divisions plus PHRF “2-handed” Non-Spinnaker division.

Sailing Instructions & Scratch Sheets: Sailing Instructions will be posted on-line. Scratch Sheet will be e-mailed to all entrants the evening before the regatta. They will also be available after 0830 hours on Saturday, May 30, 2020 at the club, and from the Committee Boat prior to 1st Warning.

Trophies & Prizes will be awarded at North Shore Yacht Club Fall Dinner Dance. This is a qualifying race for YRALIS day race trophies.

Please send current PHRF certificate, entry form and fee to:
North Shore Yacht Club Regatta
Attn: Annual Day Race Committee
73 Orchard Beach Boulevard
Port Washington, NY 11050
—or—
Entry form PDF and online registration are at nsyc.net/dayrace which enables registration and payment by credit card or separate check.

(CURRENT PHRF CERTIFICATION MAY ALSO BE REFERENCED AS ON-LINE ON THE YRALIS PHRF LISTING)

For questions and/or additional information please call the club (516) 883-9023 or Regatta Chairman, George Marks (516) 528-6773 or georgermarks@gmail.com.

Join us at North Shore Yacht Club for a complimentary post-race party. Results will be announced and posted during the party and on the NSYC web site.
Saturday, May 30th

MOON OVER HARLEM YACHT CLUB:

Twilight Series

Kick off your weekend with a casual race followed by live music and dancing if you dare!
This is the 84th annual race from City Island to Stratford Shoal or points in between. The event is a classic on Western Long Island Sound.

With start and finish near Big Tom in Eastchester Bay the race features challenging courses for both Spinnaker and Non-Spinnaker boats. Awards include trophies in each entry division and the event is a YRALIS qualifying race for the Kings Point, Mertz, De Coursey Fales, Windigo, Sagola, Stratford Shoal Lighthouse and Dumoulin trophies.

"Expressly For Fun"
A Festive Weekend For Family And Friends!
July 11th & 12th

ALL NEW FORMAT FOR A NEW DECADE
Now to be sailed as the Expressly For Fun Class at Larchmont Race Week
One race per day on the first weekend of Race Week.
Combining two great events to provide more opportunities for all sailors.
(For an added fee, participants may register to sail the Around Execution Rocks Race on the last day of Race Week which is Sunday, July 19th.)

Pursuit start and simple courses encourage less stressful racing and boats can be sailed with smaller crews. Using the pursuit start, slower boats start first according to the amount of time they are owed by the faster boats; whoever crosses the finish line first wins. IT COULD BE YOU!

Post Race Party with free snacks and ice cream.
Participants can sign up for seafood buffet dinner and dance.
Free moorings will be available on a first come, first served basis.
Awards ceremony will be after racing on Sunday, July 19th.

Registration at yachtscoring.com / larchmont race week

### YRA OF LIS ONE DESIGN CHAMPIONSHIP RULES

A. The owner of a qualifying yacht must be a member of the YRALIS or of the JSA of L.I.S. and of a racing Class or Fleet which is a member thereof. Membership in a Class must be certified in writing by an authorized official of the Class to the YRA.

B. A yacht will not qualify until YRA dues have been paid, but she will be counted as a Starter for the purpose of scoring qualified yachts.

C. A yacht shall qualify only when she ranks as a starter in at least 50%, or not less than 10, whichever is the greater, of the races designated by her Class or Fleet as qualifying races from the schedule designated by the Sailing Instructions as YRA Championship races.

D. The association will award Sound, Area, and Fleet Championship prizes to first place yachts in each class.

E. If a race is cancelled before the start, the number of races initially designated by a Class or Fleet as Championship Races for the purpose of qualifying shall be reduced by one. If a race is cancelled after it has started, it shall constitute a race for the purpose of qualification.

F. If a class or fleet adopts a racing schedule other than the schedule designated by the Sailing Instructions as YRA Championship races, it shall submit its adopted racing schedule to the YRALIS prior to the start of the championship season.

G. A Club which declines to hold a scheduled race allotted to it shall give not less than 30 days notice to the Association.

H. Clubs conducting the Mid-Sound Championship races shall file reports with the YRA immediately after each race, giving for each class the numbers of all yachts ranking as Starters and the order of finish. The YRA will transmit copies of these reports to the Class Recorders. Clubs conducting Area and Fleet races shall furnish similar reports to the Clubs or Fleet Recorders. Class Recorders for the Mid-Sound Championship races and Class or Fleet recorders for the Area and Fleet races shall, immediately upon completion of the series, submit the season standings to the YRA, either according to the YRA recommended scoring system, (Cox-Sprague) or such system as the Fleet may opt. N.B.: in order for a yacht to qualify for the Russell J. Nall Trophy, the Cox-Sprague scoring system must be used, with no throw-out.

I. Scoring:

1. The Cox-Sprague scoring system will be used in each race.
2. The number of starters will determine the column to be used in the table below, and each yacht will be credited with the number of points indicated for her finishing place. A yacht’s series score shall be her “Percentage of Perfection”, calculated by dividing her Total Points Scored by the total points she would have had if she had won every race in which she started.

</table>
b) If two yachts finish in a dead heat, both yachts shall receive the number of points for that place, and the next yacht shall receive the number of points for the second position below that of the dead-heat yachts.

c) A yacht shall not be counted as a Starter for the purpose of finishes but may include that race as a Start for the purpose of qualification if:

c-1) she goes to the assistance of any vessel or person in peril during a race and for that reason does not choose to finish or:

c-2) she is disabled by an infringing yacht which withdraws from the race or is later disqualified through protest by the disabled yacht.

d) A yacht having no competition in her Class shall, if she crosses the starting line, be credited with a Start for the purpose of qualification, but shall receive no score even if she completes the course.

e) Series scores shall be computed to the nearest third digit. In the event of a tie, the tie shall be broken in favor of the yacht that has beaten the other the greater number of times. If a tie still exists, the tie shall be broken in favor of the yacht with the greater number of 1st places, etc.

J. In view of possible eventualities, the Executive Committee is authorized to withdraw the Championship Prize, if considered advisable.

K Sound, Area, and Fleet Championship prizes will be awarded for scheduled series upon duly authorized request by an Officer of a Class, the Fleets or a Fleet concerned where the Executive Committee considers that sufficient races have been scheduled in conformance with Rule C.

Sound Championship prizes will be awarded either where a preponderance of the Fleets of a Class on the Sound compete in seasonal YRA qualifying series or where the class schedules a special series for the purpose of determining Class Champions on the Sound (subject to the Executive Committee approving that the special series is a truly representative competition).

Area Championship prizes will be awarded where two or more Fleets of a Class from two or more bays or harbors in a principal Area of the Sound compete in a seasonal Championship series.

Fleet Championship prizes will be awarded where a Fleet is confined solely to a particular bay or harbor.

SALLY FINKBEINER MEMORIAL TROPHY Ideal 18 Class Series

The winner must be an active member of the YRALIS with the best score having competed in at least 3 of the following events: YRA Championships, Larchmont Race Week Ideal 18 Series, Old Greenwich Y.C. Solstice Regatta and alternating Ideal 18 North Americans or Indian Harbor Interclub Regatta three out of four regatta. Series Scoring will be High Point, with each regatta counting as a single event. A yacht that sails in all four can drop her worst score.

YRALIS OF LIS HANDICAP RACING RULES

The Association will award Season Trophies to yachts in the IRC and PHRF Classes as follows:

- first prize if 1 or more yachts qualify
- second prize if 5 or more yachts qualify
- third prize if 8 or more yachts qualify
- fourth prize if 15 or more yachts qualify
- fifth prize if 20 or more yachts qualify

1. The owner of a qualifying yacht must be a Handicap Racing member of the YRALIS.

2. A Yacht will not qualify until her dues have been paid, but she will be counted as a Starter for the purpose of scoring qualified yachts.

3. For other specifies see section on “trophies” in this book.
MEN'S SAILING CHAMPIONSHIP COMMODORE HIPKINS TROPHY
Quarter finals for the U.S. Men's Sailing Championship
Open to male skippers. Crew may be male or female. Entire personnel of the boat must be 18 or over by December 31 in the year of the competition and be members of the YRALIS and US Sailing.

WINNERS

1953 Howard McMichael, Orient Y.C. 1981 Williams Ehlenbro, Cedar Point Y.C.

90
91
An annual race for duly elected and serving commodores, vice commodores or rear commodores of YRALIS member clubs. The entered yacht must be helmed by the participating commodore or flag officer and belong to a member of the participating club. The winning club to be sponsor of this event. Only skippers of Fleets submitting standing based on the Cox-Sprague scoring system and requiring a minimum of 10 races are eligible. All computations are without a throw out race.
COW BAY PERPETUAL TROPHY

PURPOSE

To encourage competition within the YRA of LIS in the type of craft used in Pan American or Olympic games, or in classes recognized by ISAF.

Conditions

To be awarded to the helmsman who is a member of the YRA over 18 years of age in one of the above classes with five or more qualifiers under YRA Class Championship Rules and gains the highest score after adding .001 times the difference between five and the number of boats qualifying in the fleet.

YRALIS Youth Challenge Cup
To be eligible for the YRA Youth Challenge Cup, a yacht must participate in at least three qualifying events. At least one third of the crew shall be between 14 and 24 years old in a given calendar year. A participating yacht should fly code flag “Juliet” on its backstay and add the initials “YC” after the yacht’s name on the entry form. Owners must declare the total number of crew and number of crew between 14 and 24 years old on the event entry or by emailing the organizing authority prior to the start of the event. Details on scoring and a list of all qualifying events can be found in the YRA LIS Racing Program or on the YRA website www.yralis.org.

WINNERS
2015-6 Deviation, Iris Vogel and Crew 2017 American, Young American Sailing Team
2018-9 Desperado, Webb Institute

BY-LAWS OF YRALIS

AMENDED TO APRIL 2020

ADOPTED APRIL 15, 1895

NAME
1. The name of the corporation is the Yacht Racing Association of Long Island Sound, Inc. (the “Association”).

OBJECTIVES
2. The purposes of the Association are:
(a) To encourage and promote yachting activities among the members of the Association and all other yachting organizations throughout the country.
(b) To formulate regulations for the conducting of YRA Championship events and the conducting of competitions among the members and member clubs;
(c) To cooperate with other organizations in the establishment of measurement and handicap rules;
(d) To foster informative programs for the benefit of members and the improvement of yacht racing;
(e) To exercise advisory jurisdiction over activities carried on by the member clubs of the Association and to enforce the by-laws and rules of the Association upon all member clubs and individual members which or who are subject to its jurisdiction.

Anything herein contained to the contrary notwithstanding, the purposes of the Association shall not include engaging in propaganda or otherwise attempting to influence legislation; nor shall they include the advancement of any of its objects by engaging in propaganda or otherwise attempting to influence legislation; nor shall the Association make any grant or payment for such purpose.

MEMBERSHIP AND DUES
3. (a) Organization Members. Except for commercial operations, all yacht clubs and yachting associations having stations or holding races on Long Island Sound, and the waters tributary or adjacent thereto, including the waters of New York Harbor between the George Washington and Verrazano Bridges eastward down the Sound to and including the Housatonick River and Mount Sinai Harbor, shall be eligible for active membership in the Association. Annual dues for all such clubs and associations shall be at the rate prescribed by the Board of the Association.
(b) Individual Members (see membership form). Upon payment of dues prescribed by the Board, an individual may become a member in the following classes:

- Handicap Racing Member, as owner, co-owner, charter, or co-charterer of a handicap racing boat;
- One-Design Racing Member, as owner, co-owner, charterer, or co-charterer of a One-Design racing boat;
- Special Contributing Member, as an individual who wishes to promote and encourage the sport of yacht racing by becoming a member of one of the special classes as may from time to time be prescribed by the Board;

All memberships shall be for the calendar year. Membership in any class may be suspended or terminated by the Board for non-payment of dues or otherwise at its discretion.

DELEGATES

4. Each Club or other yachting association that is a member of the Association in good standing shall be entitled to appoint from its membership one Delegate to the Association and an alternate for such Delegate.

All Delegates and alternates shall be members of the Association and of a member club of the Association. Whenever possible, Delegates or their alternates should attend the Annual and Spring meetings of the Association to represent the interests of their clubs.

A spring meeting of the delegates will be held on dates to be determined.

JURISDICTION

5. The powers of the Association shall be advisory, and no Club shall be bound by the action of the Association until it has ratified such action, except in the settlement of questions and disputes relating to racing referred to the Association for decision.

BOARD OF DIRECTORS

6. The governing body of the Association shall be a Board of Directors of the Association comprised of Officers and Directors, each entitled to one vote at Board meetings.

The Officers of the Board shall consist of a President, two Vice-Presidents, a Secretary, and a Treasurer. Officers shall be elected for a term of one year and shall constitute the Executive Committee of the Board. No officer, other than the Secretary and the Treasurer, may serve in the same office for more than three consecutive years.

In addition, there will be six Directors who shall be elected in three classes of two Directors each. One such class shall be elected each year and the members of such class shall serve for a term of three years or until the election of their successors. The Officers and Directors shall be elected at the Annual meeting of the Association. In addition to the elected members of the Board, the immediate past President, if available, shall automatically become an advisory member of the Board. All members of the Board shall be members in good standing of the Association. Six members shall constitute a quorum.

DUTIES OF OFFICERS

7. The President shall preside at all meetings and shall be ex officio Chairman of the Board.

The Vice-Presidents shall be in order of seniority, as specified by the Executive Committee, assist the President in the discharge of his duties and preside in his absence.

The Secretary shall keep a full and complete record of the proceeding of all meetings and shall preserve all documents, reports and communications connected with the business of the Association, send out all notices, compile records of Championships, and perform such other duties as usually pertain to the office.

The Treasurer shall collect and receive all moneys, keep a correct account there-of and deposit same in the name of the Association in such bank as may be approved by the Board. At the annual meeting, the Treasurer shall submit a full report in writing of the financial condition of the Association, which shall previously have been approved by the Board.

The Board shall have general management of affairs of the Association, may admit yacht clubs, other sailing organizations, and individuals to membership, and shall, in its discretion, drop any club or organization which, in its opinion, no longer furthers the objectives of this Association to encourage and promote yacht racing on Long Island Sound. It shall appoint special officers and committees, determine and settle all questions and disputes relating to yacht racing which may be referred to the Association for decision, and take such steps as it may consider necessary and expedient to carry into effect the objects of the Association.

Not more than two representatives of any one club shall be eligible for election to any office or the Board. This article shall not exclude independent nominations made in any other way.

EXECUTIVE ADMINISTRATOR

The Executive Administrator shall act as general assistant to the officers of the Association and in particular to the Secretary in the discharge of the duties required of the latter. The Executive Administrator shall compile and maintain the annual Year Book, and maintain membership records and the mailing list. The Executive Administrator shall receive a salary to be fixed by the Executive Committee.

COMMITTEES

8. The President shall appoint the following Committees: Appeals; Racing Programs; PHRF; Technical, Governance, Safety, One-Design Scheduling and Coordinating for Mid-Sound, Connecticut Area, Cow Bay, Oyster Bay and Eastchester Bay; Frostbite Dinghy Championships; YRA Championships (quarterfinals for Nationals) for Men, Women, Single-handed, Match Racing and Team Racing; and such other committees as the Executive Committee approves.

All committees report to the President and the members of committees shall serve thereon at the pleasure of the President and such appointments shall expire at the end of the President’s term. The duties of committees shall be as specified by the Executive Committee. Decisions of the Committees affecting the membership shall be ratified by the Executive Committee before becoming effective.

All committee members shall be Association members in good standing and shall be members of clubs or other organizations belonging to the Association.

MEETINGS

9. The Annual Meeting shall be held between mid-October and December and a spring meeting shall be held between March 1 and mid-April of each year at such places and on such dates as the Executive Committee determines. The Executive Committee may call special meetings of the Association whenever they consider it necessary and shall do so upon the written request of at least seven Delegates of a member of the Association in good standing.

NOTICES

10. A written notice of every Association meeting shall be emailed to each individual member, to each Delegate, and to the Secretary of each organization member at least ten days prior to such meeting. Notices of special meetings shall state in detail the subjects proposed to be acted upon, and at such meeting no other matter shall be acted upon.

The notice of the Annual Meeting shall contain the report of the Nominating Committee. Notices of all meetings shall include a proxy form.
QUORUM
11. At meetings of the Association, the President shall determine whether the number of members present and the number of proxies filed are sufficiently representative to constitute a quorum.

VOTING
12. All members present at a meeting of the Association may vote on motions. Voting by proxy shall be allowed using the form, or copy of the form, distributed with the notice of the meeting. The form must be completed, signed, and filed with the Secretary at or before the meeting.

ELECTIONS
13. At the Spring meeting in each year a Nominating Committee of five shall be elected, none of whom shall be a member of the Board and no two of whom shall be representatives of the same club, provided, however, that to the extent practical a majority of the members shall have served in the preceding year, but in no event shall any member serve in excess of five consecutive years.

This Committee shall nominate one candidate for each office to be balloted for at the Annual Meeting and shall notify the Secretary of their selection in sufficient time to permit compliance with the requirements for notice to the membership in these By-Laws.

Vacancies occurring in any office or committee shall be filled by appointment by the Executive Committee until the next meeting of the Association.

AMENDMENTS
14. These rules may be amended by a two-thirds vote of the members present in person or by proxy at any meeting at which a quorum is present, provided that notice in writing of such amendment has been given at least ten days previous to the meeting.

Proposed amendments must be in writing, signed by two Delegates and sent to the Secretary in sufficient time to be included in the call for the meeting at which they are to be acted upon; provided, however, that the Board may initiate and approve any proposed amendment for submission to a meeting of the members.

The rules of this Association cannot be suspended under any circumstances.

PROCEDURES FOR APPEALS & REQUESTS
Appendix R to the US Sailing version of PROCEDURES FOR APPEALS AND REQUESTS
The Racing Rules of Sailing sets forth the procedures for filing appeals, for submitting requests for confirmation or correction of decisions, and for submitting requests for interpretation of the rules. See rules 70 & 71 as well.

Note that there is a time limit for filing appeals and for filing requests for confirmation and correction: see R2.1[a] and R2.3.
OFFICERS

1999-01 
Eric Y. Wallischeck 
U.S. Merchant Marine Academy

2002-03

UK Sailmakers:
Supporting YRALIS sailors past, present, and future.

Since 1946, UK Sailmakers has given YRA sailors fast and durable sails, overnight repairs, maintenance, and storage. That tradition continues with UK Sailmakers | New York conveniently located off I-95 in Port Chester, NY.

Contact UK Sailmakers and make your 2020 season more successful and satisfying. Ask about our grand-prix Uni-Titanium® sails or our price-performing X-Drive® sails. X-Drive sails deliver loadpath shape-holding performance without breaking the bank and are ideal for club racers and performance cruisers.

Sailmaking is what we do. Sharing our passion for sailing is why we do it.
